*Power Trowels*

## A range of high quality Walk Behind Power Trowels

Available in 24", 36" and 46" diameters

Heavy duty bearings, output shafts, gears, spiders and blade arms

Gear box housings and covers are made of cast aluminium alloy with reinforced construction

Ground bearing journals ensure exact bearing alignment and maximum bearing life

F24/4H is lightweight and manoeuvrable for finishing in confined areas or edging in tight spaces

F36/4H and F46/4 feature adjustable handles for operator comfort and absorption of trowel torque

Solid throttle wire is housed in a teflon lined casing for smooth operation
